

Following Jesus Fishing for people

Sydney, 26-27 Nov 2012

Come follow me and I'll teach you to fish for people. Jesus

Following Jesus and fishing for people may be hard, but it shouldn't be complicated.

Over four sessions we'll teach you how to connect with people who are far from God. You'll learn how to share your story and the gospel story in a contagious way. You'll learn how to make disciples using a simple method of discovery bible study.

We'll cover the basics of forming new disciples into new groups and new churches that reproduce. You'll catch a vision for multiplying new disciples, new groups and new churches. Everywhere.

If you want to learn, and turn learning into action, we'll do our best to provide further training, coaching and peer support.
